Simple. Smart. Home.

Make your home smart simply with PIXIE

Ambience Collection

Control that everyone can use.
It's your home made smart. simply.

PIXIE

PIXIE Ambience Touch Panel

#STP54BTAS

The PIXIE Ambience Touch Panel is a premium, optional addition to the PIXIE solution that elevates the smart home experience for the home owner.

The Ambience Touch Panel makes it easy for everyone at home to control all PIXIE connected devices such as lighting blinds, fans, appliances and more from one or more centralised locations throughout the home.

With the ability to quickly optimise each Touch Panel to the installation location, makes controlling your PIXIE Smart Home even easier, no matter where in the home you are.

5.5 inch full colour touch screen for central control of your PIXIE smart home.

Light level and proximity sensor for improved touch panel interactivity

Multifunction buttons for quick access to regularly used devices, groups and scenes

Interchangeable covers and buttons to match the colour styling in your home

PIXIE Ambience Touch Panel

Key Features

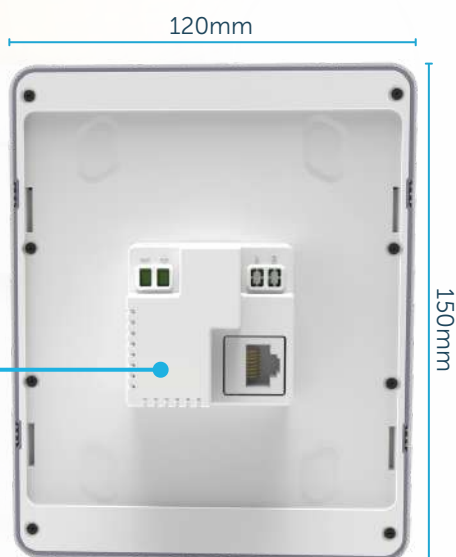

Pull out menu acts as a reminder of button functions and fast multifunction button re-configuration tool.

- Rapid QR code deployment for new Touch Panels on site to minimise configuration time.
- Customisable home page layout and per touch panel setup to match the mounting location control needs.

Powered by either POE or a low voltage power supply for simple installation. Fits into a standard single-gang wall plate mount.

Recommended power supply (if not using POE):
 Manufacturer: SAL
 Part Number: Pluto 15DV

PIXIE Ambience & Ambience XL Faceplate Range

PIXIE Ambience is a modern slimline wall plate range with an understated beauty, colours to match any decor and the simplicity of PIXIE's Click-Clack-Snap approach to future proofing.

The PIXIE smart modules fit perfectly into the PIXIE Ambience wall plates for direct mounting and control, right on the wall. Available in various colours with a choice of 2 faceplates styles which affix to the same wall plate base - Ambience and Ambience XL - choosing the ideal look and feel for every room in the home is simple.

PIXIE also fits in to a wide range of common Australian plates.

PIXIE Ambience Fits In

The PIXIE Ambience and Ambience XL range of designer finishes provide home owners opportunities to create cohesive design elements between their home's styling and their PIXIE smart home system, without sacrificing home control-ability with wall plates from 1 to 6 buttons available in all styles.

PIXIE Ambience Wallplates come in 1 to 6 gang configurations and accept both PIXIE Ambience and Ambience XL Faceplates and buttons.

The Simplicity of Click. Clack. Snap.
Click the Ambience button-caps onto PIXIE smart modules.
Clack the PIXIE smart modules into the Ambience Wallplate.
Snap on the Ambience Faceplate to match decor and design

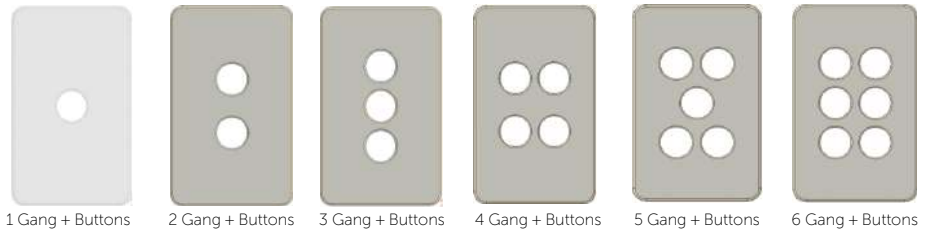

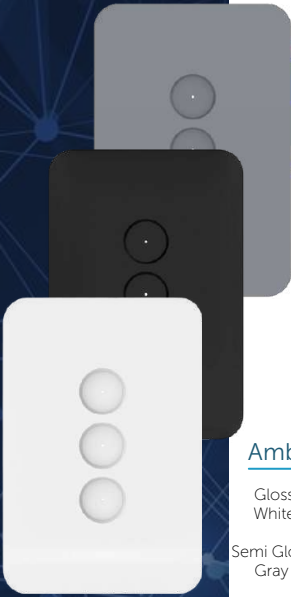

PIXIE Smart Power Points also available with matching Ambience coloured covers.

Mix and match covers and buttons to meet each of your home's style, décor and design aesthetics.

Ambience XL takes a bolder stance on the wall with larger faceplate dimensions and familiar circular buttons.

Both Ambience and Ambience XL faceplates are designed for PIXIE smart modules to fit perfectly.
